

Curriculum Vitae

Name Mohammad

Family name: Rostami Nejad

Gender: Male

Date of birth: 1979

Language: Farsi (Native), English

Education:

- As: Veterinary, Iran (1998-2000)
- Bs: Laboratory of Veterinary, Iran (2002-2005)
- MS: Medical Parasitology, Iran (2010)
- PhD: Clinical Immunology, Amsterdam (2012)

Current position: Research fellow since 2005
Head of department

Address (office): Dept. of Celiac disease,
Research Institute for Gastroenterology and Liver Diseases
(RIGLD), Shahid Beheshti University of Medical Sciences,
Yemen st, Evin, Tehran, Iran.

Phone (office): +982122432525

Fax (office): +982122432517

Email: m.rostamii@gmail.com

ORCID ID: 0000-0003-2495-1831

H. Index: 33

Lab Experience:

DNA & RNA Extraction

Flow cytometry, Realtime, PCR, SSP-PCR, PCR & Taq Man SNP

Electrophoresis (agarose & acrylamide)

Bioinformatics (Primer designing, Laser gene and Gene runner)

ELISA

General skills:

Computer:

SPSS software

PowerPoint, Photoshop, Word Microsoft

Patent

PRIZE

- **Top book Editor, in the 22 Aboureyhan Bironi Research Festival of Shahid Beheshti University of Medical Science, Tehran, Iran, December 2021**
- **Superior Scholar in the 21 Aboureyhan Bironi Research Festival of Shahid Beheshti University of Medical Science, Tehran, Iran, December 2020**
- **Top PhD graduates, May 21, 2016**
- **Superior Scholar in the 14th Research Festival of Shahid Beheshti University of Medical Science, Tehran, Iran. December 2014**
- **Third rank among Young Researchers in the 18th Razi Medical Sciences Research Festival December 2012**
- **Premier Investigator in Sciences & Research Festival of Lorestan province on the June 2011**
- **Superior Scholar in the 11th Research Festival of Shahid Beheshti University of Medical Science, Tehran, Iran. December 2010**

Published Books

- ***Living with Celiac disease and Diabeties***
Mohammad Rostami-Nejad 2022
- ***Gluten-Related Disorders, Diagnostic Approaches, Treatment Pathways, and Future Perspectives, 1st Edition 2021***
Editor: Mohammad Rostami-Nejad
Paperback ISBN: 9780128218464
- ***Instructional Package for diagnosis and treatment of celiac disease for Specialists***
Mohammad Rostami-Nejad et al., 2018
- ***Next Generation Sequence - Technology of Entry into Unknown Genetics - Advances, Applications, and Calculations***
Board of Authors, 2017
- ***Answer to common questions of celiac disease***
Mohammad Rostami-Nejad, Amir Sadeghi, 2016
- ***The Treasure of Medical protozoology***
Mohammad Rostami-Nejad, Ahmad Hosseini Safa, 2014
- ***The diagnosis of celiac disease “Guidelines for the Morphological Evaluation”***
Mohammad Rostami Nejad (Supervised by Prof. M.R.Zali), 2010.
- ***Celiac disease “ Gluten Free Diet Guideline”***
Mohammad Rostami Nejad (Supervised by Prof. M.R.Zali), 2009.
- ***Book chapter: Mohammad Rostami Nejad and Mohammad Reza Zali (2012). Specific Coeliac Disease Antibodies and Microenteropathy, Serological Diagnosis of Certain Human, Animal and Plant Diseases, Dr. Moslih Al-Moslih)Ed.), ISBN: 978-953-51-0370-7, InTech,***

- ***Mohammad Rostami-Nejad, Kamran Rostami (2015). Coeliac Disease and Infertility Disorder. Chapter 7; Integrated Approaches to Infertility, IVF and Recurrent Miscarriage: A Handbook Kindle Edition; ISBN: 1848191553 Publisher: Singing Dragon; 1 edition, amazon***

Editorial Roles

- 1- Deputy Editor of Gastroenterology and Hepatology form Bed to Bench
- 2- Deputy Editor of Student Sports & Health Open Researches e-Journal: New-approaches (SOREN) journal
- 3- Associate Editor for Genetics of Common and Rare Diseases journal
- 4- Editorial Board of Frontiers in Genetics
- 5- Editorial Board of Frontiers in Pediatrics
- 6- Review Editor for RNA Frontiers in Genetics
- 7- Review Editor for Gastroenterology Frontiers in Medicine
- 1- Editorial Board Member of World Journal of Gastroenterology
- 8- Editorial Board Member of International Journal of Celiac Disease
- 9- Editorial Board Member of Archive of Clinical Cases
- 10- Editorial Board Member of World Journal of Hepatology (2012-2013)

Invited Reviewers

1. Nutrient
2. American Journal of Gastroenterology
3. Hepatitis Monthly
4. Journal of Helminthology
5. Gastroenterology and Hepatology form Bed to Bench
6. African Journal of Biotechnology

Iran, 2008.** First sequence study of ATP6 gene in Iranian *Echinococcus granulosus* isolates from cattle, sheep and goats by new and specific Primer pair **(Oral presentation)**
- 23- **M. Rostami Nejad**, K.Cheraghipour, E.Nazemalhosseini, MR. Zali. **6th Iranian congress of parasitology, Tehran, Karaj, Iran, 2008.** Simultaneous Liver & lung Contamination on slaughter animals **(Poster presentation).**
- 24- **M. Rostami Nejad**, E.Nazemalhosseini Mojarad, Z.Nocho, M.Fasihi Harandi, H.Dabiri, M.R.Zali. **10th National congress of Genetics, Tehran, 2008.** Genetic diversity of *Echinococcus granulosus* based on sequence heterogeneity in the mitochondrial 12S rRNA gene in Iran **(Poster presentation).**

- 25- **M. Rostami Nejad**, K. Rostami, R. Mashayekhi, A. Zarghi, M. A. Pourhoseingholi, M. Habibi, M. Rajaeefar, Z. Tajik, A. Ramezankhani, F. Derakhshan, M. R. Zali. **IAGHcongress, Tehran, Iran, 2007**. Celiac Disease among Iranian patients with gastrointestinal symptoms. **(Poster presentation)**.
- 26- **M. Rostami Nejad**, E. Nazemalhosseini Mojarad, Z. Nochi, M. Fasihi Harandi, G. R. Molavai, H. Dabiri, P. Kharaziha, M. Yaghoobi, H. Hajjaran, M. R. Zali. **Microbiology congress, Kerman, Iran, 2007**. Molecular characterization of *Echinococcus granulosus* in 12SrRNA gene by new specific Primer Pairs **(Poster presentation)**.
- 27- Ehsan Nazemalhosseini, Zahra Nochi, Majid Fasihi Harandi, **Mohammad Rostami Nejad**, Leila Darban, Mohammad Reza Zali. **Microbiology congress, Kerman, Iran, 2007**. Evaluation of four DNA extraction methods for the detection of *Echinococcus granulosus* by polymerase chain reaction. **(Poster presentation)**
- 28- E. Nazemalhosseini Mojarad, H. Dabiri, **M. Rostami Nejad**, Z. Nochi, M. R. Zali. **Helicobacter Pylori seminar, Tehean, Iran, 2007**: Immune responses alteration to *Helicobacter pylori* infection by Helminthiasis **(Oral presentation)**
- 29- Seyed Reza Mohebbi, Samad Amini-Bavil-Olyaei, Narges Zali, Babak Noorinayer, Faramarz Derakhshan, Mohsen Chiani, **Mohammad Rostami Nejad**, Mohammad Hossein Antikchi, Farzaneh Sabahi, Mohammad Reza Zali. **Biochemical congress on Shiraz, Iran, 2007**: Molecular Epidemiology of Hepatitis B Virus in Iran **(Oral presentation)**.
- 30- Zohreh Tajik, **M. Rostami Nejad**, Afsaneh Zarghi, Ali Solhpour, Mohamad Amin Pourhoseingholi, Manijeh Habibi, Mohammad Reza Zali. **Iranian congress of Gastroenterology and Hepatology, Tehran, Iran, 2007**. Prevalence of functional constipation in the community: A population based study. **(Poster presentation)**.
- 31- **M. Rostami Nejad**, N. Hosein Khan, E. Abdinia, K. Cheraghpour. **First Iranian congress of clinical Microbiology, Shiraz, Iran, 2007**: Prevalence in patients infected with hydatid cyst who were referred to three hospitals in Khorram-Abad during 2002-06. **(Poster presentation)**.
- 32- Seyed Reza Mohebbi, Babak Noorinayer, Narges Zali, Samad Amini-Bavil Olyaei, Faramarz Derakhshan, Mohsen Chiani, **Mohammad Rostami Nejad**, Kamran Shateri, Farzaneh Sabahi, Mohammad Reza Zali. **The 8th Annual Research Congress of Iranian Medical Sciences Student & The 1st International Student congress on Medical Research in Iran, Shiraz, 2007**. Hepatitis B Virus YMDD mutation in patients with chronic infection treated with Lamivudine. **(Poster presentation)**.

Collaboration in Projects

International:

- 1- Joint scientific collaboration entitled “**Global Consensus on Histological Definition and Classification of Non-Coeliac Gluten Sensitivity**”. International project. 2020
- 2- Joint scientific collaboration entitled “**Phylogeny and phylogeography of *Echinococcus granulosus* isolates**” with Institute of Ecology and Earth Sciences, University of Tartu (UTIEES), Estonia, 2008.

- 3- Joint scientific collaboration entitled "**Determination of Allele and haplotype frequencies for HLA class II (DQA1 and DQB1) loci in Iranian patients with celiac disease**" with Department of Genetics, University Medical Center Groningen, The Netherlands, 2010.
- 4- Joint scientific collaboration entitled "**Morphometric analysis to characterize Marsh I-II in CD**" with 2nd Pathology Department, Spedali Civili, Brescia, Italy, 2010. (ID Code: 629).
- 5- Joint scientific collaboration entitled "**Unravel genetic factors of celiac disease in Iranian patients, A multicenter collaborative case-control study**" with Departments of Genetics and Epidemiology, University Medical Center Groningen, The Netherlands, 2011. (ID Code: 644).

National:

- 1- The correlation between IL-15 expression and abnormal histology degrees in patients with celiac disease. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 818).
- 2- Prevalence of Celiac Disease in patients with Idiopathic Low Bone Mineral Density. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 842).
- 3- Serum cytokines profile in celiac disease and non-celiac gluten sensitivity. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 843).
- 4- Prevalence of extra intestinal manifestation and associated disorders of celiac disease patients referred to Research Institute for Gastroenterology and Liver Disease. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 844).
- 5- Prevalence of celiac disease and non-celiac gluten sensitivity in patients with isolated bloating. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 845).
- 6- Prevalence of celiac disease in patients with non-alcoholic fatty liver disease and the effect of gluten-free diet. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 846).
- 7- Investigation of FOXP3 T-reg expression in DSS- induced colitis mouse model treated with *Trichuris suis* ova using Real-time PCR. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 847).
- 8- The frequency of HLA DQ2/DQ8 haplotypes in patients with type 1 diabetes mellitus; Phase I. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 878).
- 9- Prevalence of celiac disease and non-celiac gluten sensitivity in patients with Inflammatory Bowel Disease. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 711).
- 10- The frequency of Toxigenic *Clostridium difficile* in Celiac patients with and without chronic diarrhea. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 710).

- 11- Prevalence of toxoplasmosis in patients with Celiac disease compared with control group. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 709)
- 12- Prevalence of celiac disease and non-celiac gluten sensitivity in patients with Iron Deficiency Anemia. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 674)
- 13- Prevalence of Gluten Sensitivity in seronegative patients with Marsh I and Marsh II. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 629)
- 14- Gastroenterology and Hepatology From Bed to Bench Journal Website. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 592).
- 15- Celiac disease and liver diseases; associated or coincidence in Iran. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran in collaborate with Baghiatallah Research center for gastroenterology and liver disease (ID Code: 531).
- 16- Prevalence of undiagnosed Celiac disease in women with unexplained Abnormal Uterine Bleeding who were referred to Taleghani Hospital. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran in collaborate with infertility Research center (ID Code: 512).
- 17- Genotyping of Iranian *Entamoeba histolytica* and *Entamoeba dispar* strains based on tRNA Gene-Linked Short Tandem Repeats. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran in collaborate with Parasitology Dept, Shaheed Beheshti Medical University (ID Code: 505).
- 18- Serology study of HEV and HAV among patient with gastrointestinal symptoms. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 484).
- 19- Subgenotype analysis of *Cryptosporidium parvum* isolates from humans and cattle in Iran using the 60-kDa glycoprotein gene sequences Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran in collaborate with Parasitology Dept, Shaheed Beheshti Medical University (ID Code: 459).

- 20- Molecular epidemiology of *Toxoplasma gondii* in meat and meat production in Tehran, Iran. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 458).
- 21- Allele and haplotype frequencies for HLA class II (DQA1 and DQB1) loci in patients with celiac disease from Iran. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran in collaborate with UMCG (ID Code: 447).
- 22- Evaluation of duodenal Histological Features and serological test in the diagnosis of celiac disease. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 413).
- 23- Iranian Celiac Disease Website. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 411).
- 24- Sequencing study of Hydatid cyst (H.C) isolated from infested human and slaughtered animals by using CO1 and ND1 genes in Iran. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 397).
- 25- The Prevalence study of Celiac disease in Iranian patients with gastrointestinal symptoms. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 393).
- 26- Prevalence and carrier rate study of *Norovirus* and *Rotavirus* isolated from diarrheal patients and non diarrheal persons on population of Shaheed Beheshti Medical University. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 388).
- 27- The prevalence and carrier rate study of gram negative bacterial Foodborne pathogens, isolated from diarrheal patient & non diarrheal persons on population of Shaheed Beheshti Medical University. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 387).
- 28- Prevalence of enteric parasites in patients with gastrointestinal symptoms on population of Shaheed Beheshti Medical University (ID Code: 385).
- 29- Burden of selected determinants of gastrointestinal and liver diseases on population of Shaheed Beheshti Medical University. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 384).
- 30- Molecular Epidemiology of Hepatitis B Virus in Iran. Performed in Research center for gastroenterology and liver disease, Shaheed Beheshti Medical University, Tehran, Iran (ID Code: 340).

Student advertiser:

- 1- A one-step real-time PCR assay for detection of HLA-DQ2 and HLA-DQ8 to aid diagnosis of celiac disease, using SYBR® Green. (ID Code: 745).
- 2- The correlation between IL-15 expression and abnormal histology degrees in patients with celiac disease. (ID Code: 818).
- 3- Prevalence of Celiac Disease in patients with Idiopathic Low Bone Mineral Density. (ID Code: 842).
- 4- Serum cytokines profile in celiac disease and non-celiac gluten sensitivity. (ID Code: 843).
- 5- Prevalence of extra intestinal manifestation and associated disorders of celiac disease patients referred to Research Institute for Gastroenterology and Liver Disease. (ID Code: 844).
- 6- Prevalence of celiac disease and non-celiac gluten sensitivity in patients with isolated bloating. (ID Code: 845).
- 7- Prevalence of celiac disease in patients with non-alcoholic fatty liver disease and the effect of gluten-free diet. (ID Code: 846).
- 8- Investigation of FOXP3 T-reg expression in DSS- induced colitis mouse model treated with Trichuris suis ova using Real-time PCR. (ID Code: 847).
- 9- The frequency of HLA DQ2/DQ8 haplotypes in patients with type 1 diabetes mellitus; Phase I. (ID Code: 878).
- 10- The effect of free-gluten diet on the level of fecal calprotectin and diversity of gut microbiota in Irritable Bowel Syndrome(IBS)
- 11- AN-PEP gene expression in Saccharomyces cerevisiae for full Gluten analysis during the fermentation process
- 12- Investigation of gene and protein expression of tolerogenic dendritic cells (IDO+, CD11+, CD206+and CD103+) in patients with celiac disease using Real-time PCR and Western blot technique
- 13- Evaluation of regulatory T cell markers (CD25 and FOXP3) gene expression in intestinal biopsy samples and serum level of IL10 in patients with celiac disease compared to healthy subjects
- 14- Investigation the down regulating role of MiR-197, IL-18 and IFN-gamma in the pathogenesis of Celiac disease
- 15- the prevalence of infertility and abortion in patients with celiac disease
- 16- The role of TNF-a MIR-122 expression and occludin in pathogenesis of celiac disease using Real time PCR

- 17- Designing and fabrication the suspension microarray based nanobiosensor for detection of gluten
- 18- Investigation of deregulation and modulation of NF κ B and c-Rel genes in patients with celiac disease
- 19- Evaluation of expression LncRNA 13 and NKILA in patients with Celiac disease compare with IBD
- 20- Evaluation of probiotics usage on the Lactobacillus spp., Bifidobacterium spp., Bacteroides, Staphylococcus spp. diversity in adult patient with celiac disease; a clinical trial study
- 21- Investigation of Interleukin 8 and Interleukin 10 genes in patients with celiac disease compared to patients with inflammatory bowel disease
- 22- Endoscopic and histological evaluation of duodenal biopsies from coeliac patients after 2 years gluten free diet
- 23- Prevalence of celiac disease in patient with SLE, RA and FMR that refereed to Labbafinejad hospital
- 24- Evaluation of Toll Like Receptors (TLRs) 2,4,7,9 genes expression in patients with celiac disease
- 25- Instructional design for diagnosis and treatment of celiac disease for specialists
- 26- Survey of Thioredoxin serumic level and IL-17, IL-21 gene expression in biopsy samples of patients with celiac disease
- 27- Investigation of CXCR3, CXCL10, CXCL11 genes expression in patients with celiac disease
- 28- The study of association of interleukin-6 gene polymorphism -174 G>C, -572G/C with susceptibility to celiac disease
- 29- The study of association of TNF α gene polymorphism -1031 C>T, -376 G>A with susceptibility to celiac disease
- 30- Investigate the correlations between JAK2 mutation with inflammatory bowel disease (IBD) in Iranian patients referred to Taleghani Hospital Tehran between 1390 to 1393

Other Responsibilities

- 1-** Director of Physical activity, SBMU
- 2-** Executive Director, Office of Vice-Chancellor of International Affairs, SBMU
- 3-** Director of Student and Culteral unit, Office of Vice-Chancellor of International Affairs, SBMU
- 4-** Research consultant in RIGLD
- 5-** SBMU research committee member (2016-2018)
- 6-** Head of Celiac disease department in RIGLD.
- 7-** Head of biosafety department in RIGLD
- 8-** Board Member of Iranian society of proteomics
- 9-** Board Member of Iranian Celiac disease society
- 10-** Member of Iranian Parasitology society.
- 11-** Member of International society of Celiac Disease.
- 12-** Member of young investigator club (Azad University)
- 13-** Manager of Iranian Celiac disease website.
- 14-** Supervisor of Parasitology Department 2004-2010.
- 15-** Member of Iranian society of Gastroenterology and Hepatology
